NATURE CROWN EXPORTS WORLD – YOUR TRUSTED CASHEW PARTNER GLOBALLY

Cashew Nuts / Cashew Kernels Exporter from India

Nature Crown Exports World supplies premium Indian Cashew Nuts and Cashew Kernels to global buyers with a strong focus on quality, freshness, grading accuracy and export-ready packaging. We source quality cashews through reliable supply channels, clean, grade and pack them as per international buyer requirements.

Our cashew kernels are suitable for importers, wholesalers, supermarkets, dry fruit brands, snack manufacturers, bakeries, confectionery companies, hotels, restaurants and food-processing industries.

Product Overview

Product Name: Indian Cashew Nuts / Cashew Kernels

Botanical Name: Anacardium occidentale

Origin: India

Product Forms: Whole Cashew Kernels, Splits, Butts, Large Pieces, Small Pieces, Baby Bits

HS Code: 080132

Taste: Naturally sweet, creamy and nutty

Color: White, pale ivory, light scorched or scorched depending on grade

Shelf Life: 6–12 months depending on packing and storage

Available Cashew Grades

Whole Grades: W180, W210, W240, W320, W450

Scorched Grades: SW180, SW210, SW240, SW320, SW450

Broken Grades: Splits, Butts, LWP, SWP, Baby Bits

W180 is a premium large-size kernel, W240 is preferred for premium retail packs, W320 is the most popular export grade, and W450 is a cost-effective whole kernel option. Broken grades are widely used in bakery, sweets, chocolates, ice cream, cashew paste and food manufacturing.

Quality Specifications

Moisture: Max 5%

Foreign Matter: Nil / as per buyer requirement

Broken Percentage: As per selected grade

Odor: Fresh, free from rancid smell

Taste: Natural and nutty

Aflatoxin: As per importing country requirement

Packing: Vacuum packed / nitrogen flushed / tin / carton

Storage: Store in a cool, dry place away from sunlight and moisture

Applications

Cashew kernels are widely used in premium dry fruit packs, roasted snacks, salted snacks, sweets, bakery products, chocolates, cookies, ice cream, trail mixes, nut butters, vegan products, hotels, restaurants and food-service industries.

Packaging Options

Bulk Packing: 10 kg vacuum pack, 11.34 kg tin, 22.68 kg carton, nitrogen-flushed bags

Retail Packing: 100 g, 200 g, 250 g, 500 g, 1 kg pouches, jars or boxes

Custom Packaging: Available as per buyer requirement

Export Markets

We supply Indian cashew kernels to buyers across the USA, UAE, Saudi Arabia, Qatar, Kuwait, Oman, UK, Germany, Netherlands, France, Canada, Australia, Singapore, Japan, South Korea and other international dry-fruit markets.

Certifications & Documents Support

We can support buyers with required export documentation such as Commercial Invoice, Packing List, Certificate of Origin, FSSAI details, APEDA/RCMC support, Certificate of Analysis, Aflatoxin Test Report, Phytosanitary Certificate if required, Lab Test Report and other buyer-specific documents.

Why Choose Nature Crown?

Nature Crown focuses on transparent quality, reliable sourcing, clean grading, export-grade packing and buyer-focused service. We understand that international buyers need consistency, documentation, safe packaging and timely shipment. Our goal is to deliver Indian cashew kernels that meet buyer expectations in quality, price and trust.

Buyer Centric Approach

At Nature Crown, we believe every shipment should carry freshness, purity and confidence. Whether you need premium W240/W320 for retail packs or cashew pieces for food manufacturing, we provide suitable grades with professional export support.
