Pearl Millet (Bajra) Exporter from India

Nature Crown supplies premium-quality Indian Pearl Millet, also known as Bajra, sourced directly from trusted farming regions and processed with strict quality care. Our Pearl Millet is naturally gluten-free, nutrient-rich, and suitable for food processing, flour milling, retail packing, animal feed, bird feed and industrial applications.

We offer machine-cleaned, sortex-cleaned, food-grade, feed-grade, milling-grade, and organic Pearl Millet as per buyer requirements. With transparent specifications, reliable documentation, and flexible packaging, Nature Crown is a trusted choice for international buyers looking for consistent Indian Bajra exports.

Product Overview

Product Name: Pearl Millet / Bajra
Botanical Name: Pennisetum glaucum
Origin: India
HS Code: 100821
Type: Whole Grain / Flour / Grits / Feed Grade
Color: Natural Grey-Green
Shelf Life: 12–18 months under proper storage
Nature: Naturally Gluten-Free Grain

Available Grades

Nature Crown offers Pearl Millet in multiple export grades:

Feed Grade Bajra – Suitable for poultry, cattle, livestock, and bird feed.
Standard Food Grade Bajra – Suitable for flour mills and food processors.
Premium Food Grade Bajra – Clean, uniform, and suitable for retail and food manufacturing.
Sortex Cleaned Bajra – High-purity grain with improved colour uniformity.
Milling Grade Bajra – Selected for better flour recovery and processing yield.
Organic Bajra – Available with certification as per buyer requirement.

Standard Export Specifications
